RESET: To reset remote back to original manufacturer settings, or reset the remote to operate a standard TV: Press hold both the Setup and the CC button down at the same time until the red LED light blinks quickly 3 times, then release both buttons. Then follow the Easy Setup instructions below.

<u>EASY STANDARD TV SETUP (No Multi-Bed)</u>

1. Turn on the TV and then s**tand back about 5 feet from TV and Point the remote at the CENTER of the front panel of the TV.** It will not be necessary to point the remote at that exact area once the remote is set-up.

2. **Press and** firmly **Hold** down the **Setup** button, do not release. The LED will blink once and then after 7 seconds it will start code search. The LED will continue to blink every 2 seconds. Once your TV shuts off immediately remove your finger from the Setup button; the code automatically locks in.

3. Testing the remote:
   <u>For TV Only:</u> Test Power, Volume and Channel Functions, **if all work correctly setup is complete.** If not, you may not have an exact code match. Start again at step #1. The code search will continue where it left off.

Important Note: If you think you missed the code or you intend to use the remote on a different brand TV: See RESET instructions above.
